TEULON ELEMENTARY QUARTERLY

Official Newsletter

Principal's Message

What a privilege it is to be writing to you in this space, once again. When I was last preparing for a return to school, cohorts, hand sanitizing stations, and quarantines were on our minds and in our plans. This year, I am happy to say those words are certainly not. Instead, mindful teaching and meaningful learning are forefront. This year, the themes of BELONGING, PURPOSE, JOY, and GROWTH will help the T.E.S. community stay on track. I am looking forward to sharing how and why these themes are important in an elementary school setting in our quarterly newsletter: our next issue will come out in January, followed by issues in April and June.

Between letters, please do not hesitate to reach out, say hello, or let me know how it's all going. I look forward to seeing you at the school, during October progress conversations, or just uptown. What a joy to be back! Happy September,

Ms. (Sarah) Hadfield

Meeting our Goals

Our school goals for the 2023-4 school year will continue to fall under the areas of literacy, numeracy, and well-being. Check back to this space in our next issues to read how we are learning, planning, and sending updates on our specific goals.

PLEASE PARK AT THE HALL

For the safety of the children in our community **please park at the hall**, or in the hall parking lot, and use the cross walk to drop off and/or pick up your child. This is something we ask every year as we are concerned for the well-being of our students. We understand that it may be more convenient for you to park on side streets, or in the staff parking lot, however there are far too many children in our school to safely have parents picking up all over the place. It is congested and unsafe.

Please also note that our bus loop is closed to all non ISD vehicles between 8 and 4.
