

November 2023

Dear Teulon Catchment Families,

How exciting to be registering your child for Kindergarten!

To register, the following documents are required by the Interlake School Division:

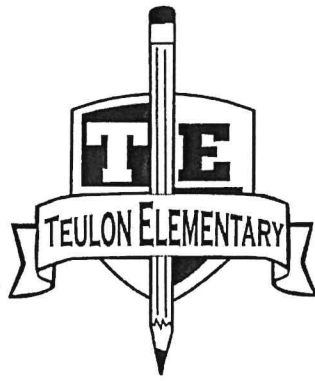

- o **ISD Student Registration Form**
- o **Early Experiences/Early Development Questionnaire**
- o **URIS Form**
- o **Copy of birth certificate**
- o **Proof of address**

Once filled out, please place all documents back in the envelope and do one of the following:

- Drop off at Teulon Elementary
- Mail to Box 143, Teulon, Manitoba, R0C 3B0
- Send with your school-age child to Teulon Elementary School
- Scan and email to jmoeller-johnston@isd21.mb.ca

Important Kindergarten Information:

- Kindergarten is an all-day, every other day program
- Our **Kindergarten program** is carefully planned and designed to help your child identify what it means to be a learner and an important member of our school community. Most importantly, children in Kindergarten work and play with peers, learning to be cooperative and self-assured participants within the group.
- The **Kindergarten curriculum** addresses all subjects: Numeracy, Literacy, Science, Social Studies, Arts and Physical Education are integrated in an engaging and developmentally appropriate way. Your child will work with different materials, interact with others, play outdoors, all while being nurtured and accepted by caring teachers. We value that your child will develop and progress in their own unique way.

- T.E.S. operates on the **Balanced School Day** timetable. Children eat a portion of their lunch under teacher supervision at 10:30 a.m. followed by an outdoor activity break. They eat the remainder of their lunch at 12:45 p.m. again followed by a second outdoor activity break.
- Kindergarten parents pay a **supply fee** of \$30.00 in September that covers all consumable supplies for the year. A backpack, lunch kit and a pair of indoor runners (non-marking soles) are also required.
- Teulon Elementary is an "**Allergy Aware School**" which means that nuts and nut products are not permitted.
- In June, a letter will be sent to you indicating your child's teacher, what day of the cycle your child will be attending school, and your interview time in September.

We are so happy to have you join the T.E.S. community. Please contact us at 204-886-2620 if you have any questions or concerns.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Sarah Hadfield', is written over a large, light-colored circular mark.

Ms. Sarah Hadfield
Principal

Dear Parent/Guardian,

As you register your child for kindergarten, the public health team is offering this health checklist to help ensure your child's first steps of school are as smooth as possible.

A school entry booster of tetanus, diphtheria, pertussis and polio (Tdap-IPV) vaccine and the mumps, measles, rubella and varicella (MMRV) vaccine are due prior to your child starting school. The public health nurse, your physician or nurse practitioner can do these immunizations.

Please contact your local public health office (contact information on page 2) with any questions or to book an appointment for your child's kindergarten boosters.

Use the checklist below as a guide to prepare your child for kindergarten. Links below available at <https://www.ierha.ca/programs-services/public-health/school-age-child-resources/>

My child's immunizations are up to date:

School entry boosters – Vaccine fact sheets:

Tdap-IPV vaccine: <https://www.gov.mb.ca/health/publichealth/factsheets/tdapipv.pdf>

MMRV vaccine: <http://www.gov.mb.ca/health/publichealth/factsheets/mmrpv.pdf>

My child has had their eyes checked by an optometrist:

Call your local optometrist to book an appointment for your child's eye test – this is a free exam. Manitoba Health coverage insures basic eye exams every 2 years for children under 19 years of age.

My child has had their hearing tested:

Check with your school division to see if your child's hearing will be tested in school. If not, you can book an appointment with the Selkirk Hearing Centre at 204-785-7403 or the Beausejour Primary Health Care Centre at 204-268-7465. Hearing testing is also done at private audiology and hearing centers, for a fee.

My child has been to the dentist:
